To U.S. Customs officials:

Please allow this package to continue through customs to Kansas State University for the serological testing of antibody levels produced in response to vaccination. This package contains samples of serum originating from (circle one):

**Canine**

**Feline**

**Human**

This package is packed in accordance with 42 CFR Section 72 and 49 VFR Sections 171-180.

To conform to USDA regulations I also make the following statements:

1. This package does not contain material derived from any other animal material (i.e., does not contain any bovine, ovine, caprine, porcine, equine, cervid, fish, shellfish or poultry origin material).
2. The animal(s) from which these samples originated were not inoculated with or exposed to any infectious agents of USDA agricultural concern.

To conform to CDC regulations, I also make the following statements:

1. This material is not known or suspected to contain an etiological agent, host, or vector of human disease.
