Apple iPhone/iPad

- **Uninstall** the existing app by holding down the icon and selecting the “Remove App” option.
- **Install:** Click “App Store” and search “KSVDL Mobile” in the search bar and install the app.

Android Phone/Tab

- **Uninstall** the existing app by holding down the KSVDL app icon and selecting the “Uninstall” option.
- **Install:** Click “Play Store” and search “KSVDL Mobile” in the search bar and install the app.

Home Screen

The app's home screen includes options for Accessions, Test & Fee, and Videos. Users can click on any of these options to view the corresponding details.

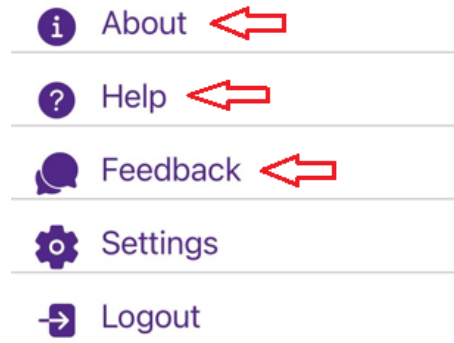

Menu

The menu bar is in the top left corner of the app. By clicking the icon, you can view the available options.

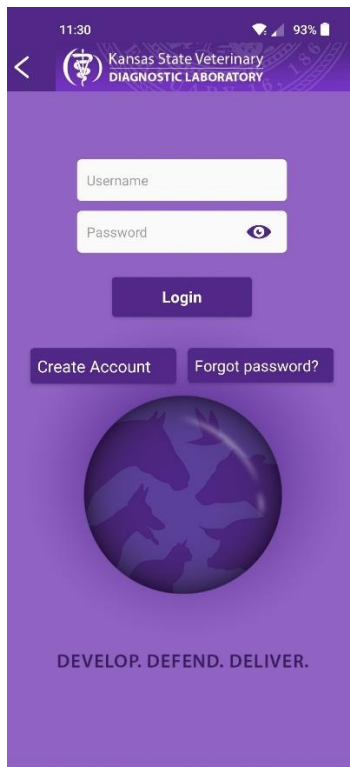

The app includes **About**, **Help**, and **Feedback** options. These features allow you to learn more about the app, access our contact details, and share your feedback effortlessly.

Login Screen

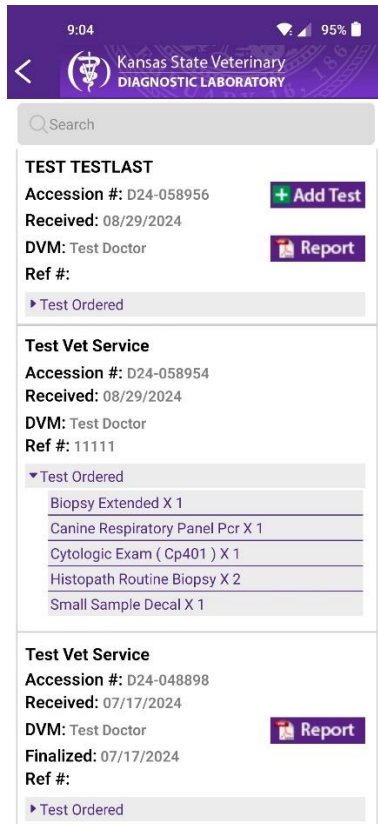

Users should use their KSVDL VetView Portal account to log in to the app. They can create a new account by clicking the “Create Account” button or reset their password by clicking the “Forgot Password” button.

Accession Screen

The Accession screen displays details such as the test name, received date, reference number, and other relevant information. Users must log in to the app to access this screen.

Users can view the **reports** of finalized tests and request additional tests while the accessions are in working status.

Add Test Screen

To request additional tests while accessions are in working status, simply click the “Add Test” button.

The image displays two screenshots from the Kansas State Veterinary Diagnostic Laboratory mobile application. The left screenshot, taken at 9:04 with 95% battery, shows the details for a test named "TEST TESTLAST" with accession number D24-058956. A red box highlights the "+ Add Test" button, with a red arrow pointing to it. Below the test details is a list of ordered tests: Biopsy Extended X 1, Canine Respiratory Panel Pcr X 1, Cytologic Exam (Cp401) X 1, Histopath Routine Biopsy X 2, and Small Sample Decal X 1. The right screenshot, taken at 11:40 with 89% battery, shows the "Add Test" form. It includes fields for Accession # (D24-058956), Owner Name (TEST TESTLAST), Client (Test Vet Service), Phone, Email, Test Name, and Notes (max 200 chars). A "Send Request" button is located at the bottom of the form.

Test and Fee Screen

You can browse and search for available tests along with brief information in the screen. By clicking on an individual test, you can view its full details on the details screen.
